NVYSL Age Group Summary – U14/16/19

This summary is not intended to replace the NVYSL Rules document. It is simply a condensed version of the rules designed to highlight the major rule differences at the U14/16/19 age group.

Coach Responsibilities

- The coach is responsible for providing a safe, fun environment for the players and spectators.
- The coach of each team is responsible for the actions of the team players, parents and spectators.
- **Team players are to be seated on same sideline as parents, on opposite sideline from opponents, if possible. This is waived in these age groups ONLY if both teams agree to sit on opposite sideline from parents.**
- Win or Lose, you are expected to set the example for good sportsmanship. The NVYSL is a recreational league. Sportsmanship is more important than team standings in this league. That is why we don't keep score.

Referees

At this age group, the referees are USAF Referees that are licensed to officiate games. They will make mistakes. It is not your job to educate them. They have been instructed to NEVER change a call based on complaints from coaches or parents. If a referee makes a call you don't agree with, unless you have safety concerns (ex. slide tackling), accept the fact that a mistake was made and move on. Enter any concerns or constructive feedback into your game report. The league will investigate and address any performance issues with the officials. If you insist on confronting the referee and publically arguing with the calls, it will be your behavior that the league will seek to correct and/or remove. **These referees are trained to issue Yellow (Warning) and Red (Ejection) Cards.**
